THE MASTER'S NET

From The Pastor's Pen

Matthew 4:19
"And He saith unto them, follow me, and I will make you fishers of men."

The Kitchen and eating area in Canyon Country.

The Men's house in Venice. The majority of our program men stay here. This house is also for men who need emergency over-night shelter.

A group of bible students were discussing what made the Christian faith unique. One cited the resurrection of Christ, others the deity of our Lord Jesus. The well known British scholar C. S. Lewis happened by and they posed the question to him. He offered a one word response — grace.

How thankful we are for God's grace which saves us and enable us to live for Christ. By the grace of God I'm serving as Pastor of The Bible Tabernacle. Our ministry has undergone personnel changes recently, but we are still proceeding with our Savior's vision by housing the homeless, feeding the hungry and preaching the gospel to the poor (Luke 4:18).

Pray for us (I Thess 5:25) to remain "steadfast, unmovable, always abounding in the work of the Lord." (I Cor. 15:58)

Sincerely in Christ,
Pastor Peter Hilst

PAT'S CORNER

Dear Friends,

The Lord has been working overtime recently in bringing to us many new women with children. It's wonderful to see how they are adjusting with others so well to our ministry and all the various schedules that they need to keep, as well as living with others and sharing the homes, with all the different women who come to us. Some do not know The Lord at all when they first come. Some have some acquaintance with Him and others have already accepted God's precious gift of His Son Jesus, who paid the price for their salvation. It's good to see how well they settle in and get acquainted with each other and adjust to the different schedules.

Mother's Day was beautiful, with each of the Mother's receiving a rose as well as receiving little gift packages, each one from their own children.

The home for Pastor Peter and his family has been revamped, all the way. This will be their home here in Venice once it has been completed. They have a special-needs son who is paralyzed in both of his legs. The men have done a tremendous job in making his room special for him. He will have

easy access from his bedroom to both the outside as well as to the bathroom. Our wonderful men worked overtime, putting in many hours to make everything just right for him. Peter, of course will always be traveling back and forth between Venice and Canyon Country to meet the needs of both of our facilities . We just praise God that He has provided so wonderfully through all these years for both the ministry for women and children here in Venice and at the same time providing for the needs of the many men we have in Canyon Country. He has always blessed so much for all of the ones that He allows to come to us in the meeting of their needs.

We can never thank God enough for all of you who have been so faithful through all these years, with your precious gifts that allow all these people that come to us constantly to have their needs met. We thank you and thank you and thank you so very, very much for all your loving and kind gifts that keep on allowing us to meet the needs of all those who come to us on a daily basis.

Sincerely in Christ,
Pat Hilst

My name is Jennifer Daniels. Before I came to The Bible Tabernacle my family and I were staying in a Motel. It was very hard living there until one day I was so stressed out from living there.

I was barely able to pay for the Motel every night, let alone have enough money to feed my kids and myself, so sometimes I had enough money to feed all of us and sometimes I just had enough to feed my children.

I still brought my children to school everyday regardless of how tired I was from

the previous day from walking around asking people for help.

One night I got down on my hands and knees and prayed. I asked God to help me find a place where my children can be safe and warm.

I called 211 (Los Angeles County help line) the next morning. They referred me to The Bible Tabernacle.

When I came here I was very happy and thankful that God answered my prayers. After being here about a month or so I realized that I was happy. I'm not talking about a synthetic happiness. I'm talking about something only God can make you feel, when you fully surrender all to Him.

Both my daughters accepted Jesus Christ as their personal Savior. I can see God working in our lives.

I've always felt like something was missing in our lives.

We found it because it's God and His son, Jesus Christ.
