### Our Men's Ministry In Canyon Country

This is a very fitting time to rejoice in what God is doing with our men. Since we celebrate Father's Day this month, it is wonderful to know that many fathers come to our ministry. And due to their wrong choices in life, many have lost their families.

But.. when God takes over in their hearts and lives through the living Word Of God... Many of these men regain their relationships with their wives and children. That is such a thrill to see this happen in their lives.

**AND WHAT A JOY** to see their families start worshipping on Sundays at our Chapel there in Canyon Country.

**ANOTHER TREMENDOUS BLESSING** for our men is to have many students of Masters College and Seminary use our place for their Christian service assignments. So our men enjoy a wide variety of good sermons and Bible studies !!!

Paul Felix, the Director of the Los Angeles Bible Training School, also gives of his time to bring messages to our men. We are so grateful for him.

### Our Children & Youth

We have a boy's ministry in Canyon Country for which we are very grateful under the direction of Patric Grier, Associate Pastor.

And many boys and girls come to our ministry in Venice with their mothers.

When the mothers are not able to provide for their family or have some special problem in their lives that brings them to us seeking help and guidance, how wonderful it is for the children and youth to have a safe haven here with us - a place that provides them with security, stability, and instruction in the right way of life. Here they gain confidence and assurance. They know they don't have to be afraid- they know they will never be hungry - they know that all their needs will be met.

**IT IS A GREAT THRILL** to see them be so eager to participate in our worship services.

## Our women help out!!!

Some of the ways our women can be of help in making our ministry operate smoothly...

### **Doing Laundry**

**Sorting Clothing and other items in the donation room.**

**Helping to prepare meals - peeling potatoes, carrots or other food preparation.**

### **Helping in the office**

### **Child care**

**Teaching other women or children.**

## Our men are kept busy !!!

They do a tremendous job in keeping all our facilities neat and clean, the grounds are kept in beautiful condition - the yards, the gardens.

They are responsible for all custodial duties -

**cleaning of the dining room, rest rooms**

**taking care of plumbing needs**

**maintenance and mechanical**

For Forty-Six Years God has so faithfully and abundantly provided all that has been needed for this ministry to operate and to care for the multitude of needy persons He has brought to our door-step.

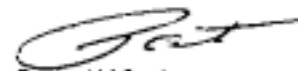

He has caused our ministry to function so reasonably by keeping it basically self-sufficient and self-sustaining.

We have never had to call on outside professional services. When we have needed a cook, truck-driver, plumber, electrician, carpenter or whatever; the person or persons with those abilities would right at that time be residing within our ministry.

And it has never failed that the moment a person leaves our program another with that same talent or ability will arrive.

We always have a good staff of men who teach the Word and preach the Gospel, who teach Bible Studies and a variety of classes aimed at helping our residents to not only grow in Christ but to prepare themselves for the time they will be on their own again and able to function in society.

In His Love,

Pat Hil st
